

Candidacy resume 2024

Vanaya Hill

Hello all, my name is Vanaya Hill and I am currently the class of 2025 student president. I am writing this resume with the hope of carrying this title into my senior year. This is currently my second year in Student Council and Leadership and my first year on the executive board as president. I feel that I am best qualified for this position because I have a lot of passion when it comes to my leadership class and making the school a better place and I also want to make sure the class of 25' has the best senior year possible. It is important for me to have a position on board because I want to be the person who people turn to for help or advice. Personally, I have learned a lot from this years senior president Lillia and she has shown me what it is to be a good helpful leader, if I do get the position handed down to me I will work to keep the program as healthy and positive as possible and to make sure the good work Lillia has done continues. I want to bring more communication to the board. I feel as if we need to start listening to what everyone has to say whether we agree with it or not and taking some of the ideas people suggest even if we don't love them ourselves. I want to make sure that as many people feel included as possible. I also want to enforce a little more discipline on our council. Our Wednesday meetings are starting to become pointless due to all of the talking that goes on while we are going through the agenda. I understand having other things to do and wanting to go home but at the end of the day being on StuCo was a commitment we all decided to make so I want to make sure we are giving respect to the people that deserve it at those times. In my 3 years here at Kettering I have learned that we go to school with a group of amazing kids. I hope that me being president has positively impacted our student body and encouraged EVERYONE to spread some kindness. I know that school is not most kids' favorite thing but I hope to make each day a little easier and fun for everyone.
