

Iyonna Tiernan Vice President

Statement of interest

I feel I am most qualified for this role because I have been on the executive board for three years and I am very passionate about my role on the executive board. I feel that it is very important to have a role on the executive board because it gives you so many different opportunities in life, it gives you a different perspective on the way you view leadership. I also feel that if I am on board I will be able to give the class of 2025 a voice.
